# OUR MISSION IS TO

## Support our Client with “best in class” service.

Each year, more than 40,000 people are killed in auto accidents. The National Highway Traffic Safety Administration states that a car accident occurs every 10 seconds, and every 12 minutes, someone in the United States will die in a car crash. The personal injuries and property damage caused by these accidents is staggering as well. In 2005, there were 6.5 million auto accidents in the United States accounting for over 3 million injuries and over 230 billion dollars in property damage.

ORLANDO, FL, February 05,  
2009 /24-7PressRelease/ --

According to a published article by Santa Clara University, every year, 34 million people are injured or killed as a result of product related accidents. The estimated cost of these injuries is 12 billion dollars annually.

Additionally:

Premise Liability and Personal injury incidents are on the increase.

Exposures to toxins and harmful chemical substances are being identified, resulting in environmental actions.

### W. T. HILL & ASSOCIATES

**W. T. HILL & ASSOCIATES UTILIZES ITS PROVEN METHODOLOGY TO ENSURE WE PROVIDE A PROFESSIONAL WORK PRODUCT AND TO GIVE OUR CLIENTS THE HIGHEST EXPECTATION OF SUCCESS.**

#### COMMUNICATION

Implementation of open and interactive communication with the Client and related parties is essential to gaining a full understanding of the case objectives. Potential witnesses should be discussed in great detail. Any pitfalls or cautions should be discussed as well.

#### PLANNING

The case methodology is now formulated and reduced to a written format. It is essential that all members of the team have input and commit to the plan of action that will best attain success.

#### PLAN REVIEW

A plan review is conducted with the Client to ensure that the plan is consistent with the strategy of the Client, relevant to the case issues and within the budget guidelines of all concerned.

#### CASE MANAGEMENT

Coordination, Case Management and Quality Assurance of all investigative issues is the key to an efficient and productive investigation. The proper management of a case will provide timely, complete, and thorough results with the most prudent use of funds.

#### EVALUATION & REVIEW

At all critical points in the investigation, reports are reviewed and the work product is evaluated for completeness, relevance and efficiency. This method eliminates the necessity for return interviews and excessive travel. It greatly reduces the waste of Client time to question elements of the report.

#### FINAL REPORT

W. T. Hill & Associates firmly believe that the report must withstand the highest level of scrutiny and meet all professional standards.

**At the conclusion of each assignment there is always a Post-Case Review and Final Evaluation. We solicit Client input as well as that of our Management.**
